**MASTERCLASS OF
FLUORESCENCE IMAGING IN
PLASTIC & RECONSTRUCTIVE SURGERY**

MASTERCLASS OF FLUORESCENCE IMAGING IN PLASTIC & RECONSTRUCTIVE SURGERY

Refine your skills in fluorescence-assisted plastic & reconstructive surgery

Fluorescence imaging provides qualitative and quantitative information for a better evaluation of the perfusion. This information enables the surgeon to carry out an objective analysis of the perfusion in real-time.

Faculties

Prof. Dr. med. Jian Farhadi

Prof. Dr. Jaume Masia

Prof. Dr. Phillip Blondeel

Localization

Zurich - Switzerland

Barcelona - Spain

Genth - Belgium
